SUPPLEMENTAL REISSUE APPLICATION DECLARATION BY THE INVENTOR		Docket Number (Optional)
<p>I hereby declare that: Each inventor's residence, mailing address and citizenship are stated below next to their name. I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number <u>5,991,749</u>, granted <u>November 23, 1999</u> and for which a reissue patent is sought on the invention entitled <b>WIRELESS TELEPHONY FOR COLLECTING TOLLS, CONDUCTING FINANCIAL TRANSACTIONS, AND AUTHORIZING OTHER ACTIVITIES</b> the application of which</p>		
<p><input type="checkbox"/> is attached hereto.</p>		
<p><input checked="" type="checkbox"/> was filed on <u>January 15, 2004</u> as reissue application number <u>10/757,724</u> and was amended on <u>June 15, 2009</u> (If applicable)</p>		
<p>I have reviewed and understand the contents of the above-identified application, including the claims, as amended by any amendment referred to above. I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.</p>		
<p><input type="checkbox"/> I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.</p>		
<p>I verify believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)</p>		
<p><input type="checkbox"/> by reason of a defective specification or drawing.</p>		
<p><input checked="" type="checkbox"/> by reason of the patentee claiming more or less than he had the right to claim in the patent.</p>		
<p><input type="checkbox"/> by reason of other errors.</p>		
<p>At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening.</p>		
<p>The error in the patent is a consequence of claiming more than the patentee had a right to claim. From the time my original application (SN 08/929,217) was filed until the summer of 2008 I was unaware of the existence of patent publication WO 1996 013814 which purports to have a publication date in May 1996.</p>		
<p>The claims in this application are directed to methods which use information stored in the wireless device or cell phone that is routinely sent to the operator of the wireless system as an identifier. Use of this identifier allows identifying a financial account from a wireless device without the need for the user to manually enter this information. All the new claims are directed to this aspect of my invention. Further the claims are limited so as to distinguish from WO 1996 013814</p>

<b>WARNING:</b> Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.		
I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine and imprisonment, or both, under 18 U.S.C. 1001, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this declaration is directed.
